

Returns Report

Version 1.0 • December, 2022

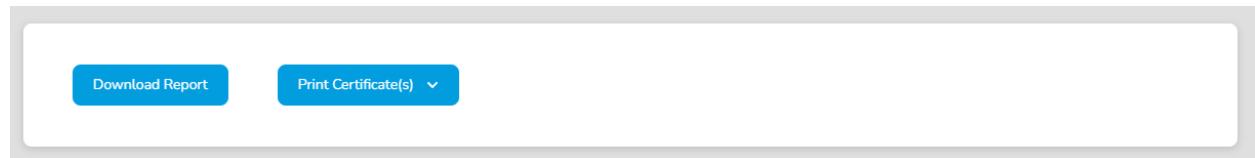

1. Access the DASHBOARD in the Angelpaw Portal

The screenshot shows the Angelpaw Dashboard. On the left is a blue sidebar with the 'Angel Paw' logo and a menu including: Home, Create Order, Invoices, Reports, Audit, Corporate Settings, Users, Accounts, Catalog, Vehicles & Stations, and Routes. The main area is titled 'Dashboard' and features five status cards: 'Waiting for pickup' (1), 'In transit to Crematory' (0), 'In Crematory' (9), 'Out for delivery' (0), and 'Order completed' (93). Below these are filters for Status (set to INCOMPLETE), Expected Return date (2022-09-01...), and Sales Channel (All). There are buttons for 'Download Report' and 'Print Certificate(s)'. Search bars for RFID tag, Cellphone, Pet, and Pet Parent are present. At the bottom is a table with columns: Actions, Pet Tag, Status, Pet Name, Pet Parent, Account, and Pet Location. The first row shows a pet with tag X0695219, status 'Pet checked-in at crematory', name Fletcher, parent Kandi Klinger, account LovingPet B2C, and location LovingPet Care Center's Ch.

2. On the DATE FILTERS, select EXPECTED RETURNS and the date you will need

This screenshot shows the same dashboard as above, but with the 'Expected Return date' filter dropdown open. The dropdown is titled 'Filter Type:' and has four radio button options: 'Requested date', 'Pick-up date', 'Cremation date', and 'Expected Return date' (which is selected). Below these options is a date range input showing '2022-09-01 ~ 2022-12-31'. At the bottom of the dropdown are four buttons: 'Today', 'This month', 'Last month', and 'Last 3 months'.

3. Click on the DOWNLOAD REPORT on the top of the order list

4. Open the XLS file in EXCEL, Google Sheets or the software of your choice to view the full report

A screenshot of a Google Sheets spreadsheet titled 'full_report.xls'. The spreadsheet contains a table with columns for TagNum, Recorded, Expected, Cremation, Return, Service, Ca, Service, Ty, Vet, Clinic, Pet Name, Pet Currer, Cremation, First Name, Last Name, Phone, Email, Address, City, State, and ZipCode. The table lists various pet orders with their details, including dates, services, and contact information.
